**EX PARTE OR LATE FILED**

RE: Application by Verizon New England Inc., et al., for Authorization To Provide In-Region,  
InterLATA Services in Massachusetts, Docket No. 00-176

Dear Ms. Salas:

The purpose of this letter is to provide a correction to two measurements that are contained in Attachment E to the Joint Declaration of Elaine M. Guerard and Julie A. Canny that accompanied the above-referenced application. The need to make this correction arises because of a glitch in a filing made with the Massachusetts Department of Telecommunications and Energy (DTE) during the course of the proceedings it conducted before Verizon filed its application with the Commission.

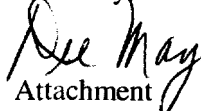

On August 22, 2000, Verizon-MA filed with the DTE certain revisions to the Carrier-to-Carrier performance reports that had been discussed during the proceeding. The filing was made both by paper copies and electronically. The paper filing with the DTE was correct, and is included with Verizon's application to the Commission in Appendix B, Volume 46, Tab 537. For some reason, the electronic filing made with the DTE did not include all of the revisions that were included in the paper filing.

Verizon was unaware of this glitch, and used the electronic version to create Attachment E to the Guerard/Canny Declaration. After the application had been filed, the discrepancy was discovered, and Verizon-MA filed a corrected electronic version with the DTE in October.

The glitch affects two metrics: OR-4-01 (Completion Notice – Average Response Time) and OR-4-02 (Completion Notice - % On Time) for May and June. Corrected pages are enclosed, and the corrected metrics are shown in bold type face.

Because this letter provides no new information, but merely corrects a Declaration Attachment to match the correct information which was already in the record before the Commission, the twenty-page limit does not apply as set forth in DA 00-2159.

Sincerely,

  
Attachment

cc: E. Einhorn  
S. Pie
